

Rules and regulations

Last updated 2019-01-03

The following rules and regulations apply while staying at Herrgårdscampingen:

Respect other guests. Keep in mind that many want to rest before the following day. Loud noise coming from radio, TV, stereo, or any other noise, especially at night, as well as damage on property can cause immediate eviction without reimbursement for any lost time at Herrgårdscampingen. Silence shall prevail between 11pm and 7am (23.00-07.00). Please note that Presterud Manor is rented out for private events which means that these, on occasion, might last longer.

A permanent home address, ID and debit/creditcard is required when staying at the campsite.

No camping unit, caravan/mobile home or similar vehicle, can be placed on the campsite without having contacted the reception at Herrgårdscampingen. The guest is also required to follow current rules regarding fire-safe camping, such as for example safety distance between camping units.

The speed limit within the area is fixed at 20 km/h. Speeding, or driving under the influence of alcohol or drugs, is strictly forbidden.

Commercial sales at the campsite is only allowed after getting a written approval from Herrgårdscampingen/Sommarvik AB.

Herrgårdscampingen/Sommarvik AB does not take responsibility for theft, or any damage that may occur on guests or their property. We also reserve the right to, on expense of the guests and without reimbursement, immediately evict those who do not follow these regulations, or any other regulations given by the staff or management at Herrgårdscampingen.

Damage on guest property

In case of damage on guest property, the guest will notify his/her insurance company. If needed, written statements and information should be gathered together with caretaker/manager at Herrgårdscampingen. Should there be any reasons to believe that Herrgårdscampingen may have had any responsibility in the matter, Herrgårdscampingen/Sommarvik AB will notify their insurance company as well. The insurance companies then decide how the matter will be handled. Should there be obvious neglect from Herrgårdscampingen's side, Herrgårdscampingen/Sommarvik AB could pay the sum of the guest's deductible. Should the guest and Herrgårdscampingen/Sommarvik AB not come to an agreement, the guest is referred to ARN (The Swedish Nation Board for Consumer Complaints) who will decide how the matter will be settled.

Guest responsibility

The guest pledges to take good care of the rented object/area, and to follow the regulations and instructions given by Herrgårdscampingen, and to make sure that any travelling company do the same. The guest is responsible for any damage that may occur on the rented object/area and on its furnishings, seeing that the guest or someone in the travelling company has shown neglect. The guest will be liable to pay compensation for the damage.

The guest is not allowed to use the rented object/area for any other purpose than the one declared at the reservation. Moreover, the guest is not allowed to let more people stay in the rented object/area than the number stated at the reservation.

The agreement will cease to be valid if...

...you or anyone in your company should act in an offensive way in or by the rented object/area

...you or anyone in your company should make any damage in or by the rented object/area

...you or anyone in your company do not comply with the regulations given by the staff or management at Herrgårdscampingen

...the rented object/area should be used for other purpose than the one agreed upon at the reservation

Should the agreement cease because of any of the above, you and your travelling company must check out from the rented object/area immediately without receiving any reimbursements.

For everyone's comfort...

Summer season at the campsite often means a lot of people in a limited area, which sometimes can cause stress and irritation amongst the guests. That is why it is extra important to respect your neighbours and other guests and doing what you can to create a comfortable environment for everyone.

Drive slowly!

Because there are many children playing around the campsite it is important to respect the speed limit of 20 km/h.

No traffic during the night

The gate at the main entrance is locked between 10pm and 7am (22.00-07.00). During this time no vehicles can be driven on site, unless for emergencies.

No mopeds or motorcycles, please!

It is not allowed to ride mopeds or motorcycles in the area.

Inlines, skateboard and bicycle

Feel free to use inlines, skateboards, bicycles and similar but never indoors and never on terraces belonging to the campsite. Keep to the side of the roads and respect the vehicles using the gates.

Good neighbours

Playing football

It is not allowed to play football in the campsite area since it can be disturbing to other guests. Instead, please use the football field Sjöängsvallen north of the campsite.

Playing music

Make sure not to disturb your neighbours when using radio or other music devices. Keep the volume down or use headphones.

Keep your pets on a leash

For everyone's comfort all dogs and other pets should be kept on a leash and each owner is responsible for picking up after their own dog. There is a dog beach by the docks.

Respect boundaries

Please use the existing roads and paths and do not take shortcuts over someone else's camping pitch.

No smoking in public areas

From 1 July 2019 it is not allowed to smoke in public areas such as restaurant terraces, playgrounds or in areas outside main entrances.

Good night!

Most people want to rest before the following day. Therefore the campsite must be completely silent between 11pm and 7am (23.00-07.00). Should you experience any disturbance during this time, please notify the staff on call.

Security company

All through the year we have a security company patrolling the area every night.

Silent game

Play and have fun on the playgrounds, but between 10pm and 9am (22.00-09.00) they should be quiet and empty.

Care for the environment

Keep the campsite clean and litter-free! Trash cans are placed all over the area and there are ashtrays outside each of the service buildings. Help take care of the environment by throwing trash and bottles into the designated containers at the recycle station.
